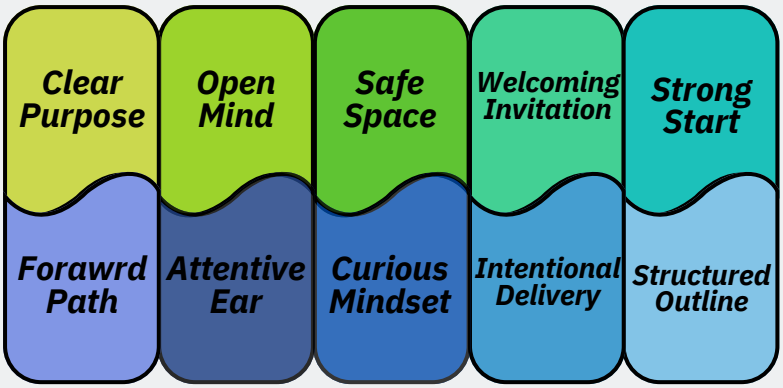
Description

The conversations that matter most are often the ones people avoid: giving honest feedback, addressing tension, or speaking up when something doesn't feel right. ***Courageous Communicators*** equips you with the mindset and skills to navigate high-stakes moments with clarity and care. This session moves beyond "scripts" to explore the ten essential elements of communication, teaching you how to create the psychological space needed for honest dialogue to occur.

Framework: *Ten Essential Elements of Courageous Communication*

A structured, practical framework for leading difficult conversations with clarity, purpose, and emotional awareness.



In this session, participants will:

- **CLARIFY PURPOSE FIRST:** Anchor the conversation with meaning and a clear purpose.
- **REMOVE ASSUMPTIONS:** Separate facts from interpretations to reduce defensiveness.
- **MASTER INTENTIONAL TONE:** Use tone as a way to regulate emotion and shape the direction.
- **ASK THOUGHT-PROVOKING QUESTIONS:** Replace statements with thoughtful, curiosity-driven questions that expand perspective.
